About The Series

Avengers #1 is the first appearance and origin story of The Avengers, a team of superheroes consisting of Thor, the Hulk, Iron Man, Ant Man and The Wasp. The storyline starts with Loki seeking revenge for his capture by his brother and rival, Thor. Loki manipulates the Hulk into getting himself into trouble to entice Thor to come to his aid. Ant-Man, the Wasp and Iron Man assist in clearing the Hulk’s name and vanquishing Loki. They realize how well they work as a team and should continue to work together in the future — “Each of us has a different power, if we combined forces we could be almost unbeatable!” They decide to call themselves, “The Avengers.”

Risks

- Supply Risk

In the event that collectors decide to sell similar grades, or the market is flooded with supply, prices may fall.

- Loss of Cultural Relevance

The value of comic books are determined by the significance of key characters. If The Avengers were to lose cultural relevance, or if slated movies are cancelled, there could be an adverse impact on prices.

- Market Risk

Current uncertainty in the market due to COVID-19 could drive greater price volatility.
